

After School Club Newsletter

Winter 2010-11

Welcome back to all the After School Club children and parents/carers after the Christmas holidays

In the October ½ Term holiday, and Christmas Holiday the Holiday Club went on trips to Llechwedd Slate Mines and 10 pin bowling in Llandudno. Both trips were enjoyed by all those who went on it and we are planning another trip for February ½ Term.

On our After School Club board which is at the bottom of the stairs, there is a list of special activities that we will be doing on the lead up to Easter. We will also be putting examples of the children's work on the board so you can see what we have been getting up to. Could parents/carers please take a few minutes to check the notice board for any news/updates.

We have changed a few things around upstairs with our display boards. We now have one committed to the children's artwork, one with pictures of the children and their date of birth, one to display pictures of pets on finally one for the Club which has leaflets and feedback sheets for activities.

The older children introduced a suggestion box and all children are actively encouraged to participate and all suggestions are given serious attention and discussed at our Club meetings that take place every half term.

Could we please remind you to inform Nursery if your child/children will not be in school, therefore not in After School Club as this will prevent us waiting around with the other children

One last reminder, if parents could please encourage their child/children to bring a spare pair of shoes/trainers/slippers to change into to prevent mud being carried into the Nursery and upstairs into the After School Club.

Many Thanks!

Julie and Shell

Just a quick word from Jennifer:

I am sure you have noticed that we are now using computerised invoices, keeping us in line with the 21st Century. Thank you for your patience as we familiarise ourselves with the new system.

The Nursery has recently launched a website which we will be developing over the new few months. Please take a look at

www.chwaraetegnursery.co.uk

We welcome any feedback and suggestions you may have.

Jennifer
